UNIQUE  
TYPEFACE

**ABOUT :**

Harmond is a standout display font that is an ode to fashion typography in present day. It's elaborate curves and unique shapes make it perfect for headings, logos & wedding invitations. Harmond is all class so if you want a stylish font that is guaranteed to draw the eye, then this is it!

It has been designed as a variable font to give lots of options and access to unique type looks; however it also includes six weights to give just as much access to creativity to those without access to variable supporting software. Its distinctive character and many variables make it a versatile, stylish workhorse, great for interfaces and design.

Harmond serif font family of 6 weights, 3 Style Width with matching italics- 48 styles all in 1 Variable font.

*Continuing to carve out its place in Japanese fashion, Midorikawa has returned with its Spring/Summer 2021.*

---

Aside from introducing a new focus on neon, the SS21 collection utilizes an array of linens, leather and textured textiles marked by striking constructions accented by raw hems and cinched styling. The reworkings of suiting deliver a certain feminine flair that continues into the striking outerwear, refined tops and relaxed bottoms that make up the season range. Cropped fits and exposed elements allow for impeccable layering displays that show an understanding of control and subtle design.

## Fashion Designers work in a number of ways in designing

Apparently we had reached a great height in the atmosphere, for the sky was a dead black, and the stars had ceased to twinkle. By the same illusion which lifts the horizon of the sea to the level of the spectator on a hillside, the sable cloud beneath was dished out, and the car seemed to float in the middle of an immense dark sphere, whose upper half was strewn with silver. Looking down into the dark gulf below, I could see a ruddy light streaming through a rift in the clouds.
